

**Announcements for the week of July 4 -10, 2021
Happy Independence Day!**

OLGC School Science Scholarship

A Science Scholarship for girls entering 7th and 8th grade is now available! An OLGC parishioner with a desire to inspire and motivate female students to pursue and develop skills in the field of Science is offering an annual scholarship to one girl entering 7th or 8th grade: \$2,500.00 tuition scholarship for one year. This Scholarship will be awarded to the most qualified applicant as it is based on merit and not financial need. The details and application are available in the school office. Please share this wonderful news with all the girls you know that may be interested. All girls, (registered and not yet registered) entering 7th or 8th grade may apply. If there are any of you or if you know someone that would like to start your own scholarship for our students, we would be most grateful and we will help you with that!

Mass Intention Policies

Beginning next weekend, we will be returning to our pre-pandemic policies regarding Mass Intentions. All Mass intention requests must be requested in person at the office, phoned in, or emailed at least one week in advance. Mass intention envelopes should be used only for already scheduled intentions and placed in the offertory.

Parish Registration Updates

Our office staff is currently working to update our parish registration information. Parish staff members have been making phone calls to ask for updated addresses for a few parishioners. They will identify themselves when calling. Thank you for your cooperation!
